

Real Granddaughters Club
Newsletter
May 27, 2004

This is the time of year that we see new birth and everything is beautiful. I wish for each of you health and happiness.

This is the best time of the year to send a newsletter. It is close enough to get information about the upcoming General Convention to you all, in order to be informed of the issues that may arise, and enough time has past since the last to get information from that convention and ensuing events.

Presidents of Divisions share copies of this newsletter with your chapters. Members please share with other chapter members.

In Nashville, Tennessee last November, we did not spend any of the club's money. Because Mrs. June Wells, Vice President, had problems getting a new order of the Real Granddaughters Club Pin, we thought it prudent to reframe from spending. Lenn Arts realizes now that this club is a part of UDC but has the right to order our pins. They thought we needed the General Vice President's permission. Jamie Likins cleared up this matter but June still did not receive them until earlier this year. They are here now and you may resume ordering them. They are one of the prettiest of the club pins.

Is there a project that you would like considered for the club to donate to this year? Send me information, so that I will know what is being presented. It is best to keep to General projects. As of April 30, 2004, there is \$2,214.88 in the checking account. We must leave enough money to run the club for the next year.

This year is an election year. The nominating committee will have a slate and you can nominate members from the floor. Please come and show support for the new officers. They are making a great contribution of their time to lead us for the next two years. The club meeting will be on Sunday at 9:00 A.M.

General Convention in Richmond this year has a big tribute to the "Clubs" planned. They will be honored at Friendship Evening for all the

work and donations that the United Daughters of the Confederacy has received from the clubs and their members. Please make plans to be there on Sunday night. "All Roads Lead to Richmond" is truly a fact for UDC members. Every other year the roads from all of this beautiful country do lead to Richmond, Virginia for the many faithful UDC ladies who attend.

Ask club members and division treasurers to send dues in September, so that Mrs. Nancy Adair, Treasurer, can have all statistics for us in November.

All of the officers for the past two years, 2002-2004, wish to thank you for this opportunity to serve you. Your faith in us is appreciated.

With Confederate love,

Brenda Whitlock Latham (Mrs. Francis J., Jr.)
President
General Real Granddaughters Club
